

ALEXANDER VALLEY VINEYARDS

Vineyard Hike

GREAT WINES BEGIN IN THE VINEYARD...

Join us for a grape to glass tour as we hike the Wetzel Family Estate, home of Alexander Valley Vineyards. During this guided tour you'll see why valley namesake, Cyrus Alexander, called this property "the brightest and best spot in Northern Sonoma."

You'll get an insider's view as we explore our vineyards while tasting our iconic wines where the grapes grow. We'll pass by our working winery, the original 1868 Alexander Valley school and the Alexander homestead.

After the hike, we'll taste wine from the barrel in our underground wine cave. Relax and take in the views on our winery deck after the tour, or finish up with a wine country picnic. This is the ultimate way to experience the history, tradition, and excellence of Alexander Valley Vineyards.

This is an easy walking tour, but there are hills and dirt trails.

Offered at 10:30am daily
